BASSANO

Bassano è il sottolavello predisposto ad essere completato con il lavello in acciaio inox in una vasta gamma di misure.

Il mobile da 120 cm ha due ante pieghevoli: il sistema di apertura è più funzionale perché elimina l'ingombro dell'anta centrale lasciando così ampia libertà di movimento durante l'uso.

Bassano is the undersink furniture which can be completed with stainless steel sink in different sizes.

The 120 cm furniture has 2 folding doors: the opening system is more functional because it eliminates the overall dimensions of the central door giving freedom of movement.

Bassano ist ein Unterspülbeckenmöbel, das vorbereitet ist, mit Spülbecken aus Edelstahl von verschiedenen Maßen ergänzt zu werden.

Das Möbel mit 120 cm Breite hat 2 Klapptüren: Das Öffnungssystem ist praktischer, da es das Verstellen der zentralen Tür während des Gebrauchs ausschaltet.
